

**Boil Water Notice**  
**City of Daingerfield**  
**2/4/2023**

Due to reduced distribution system pressure in the water system, the Texas Commission on Environmental Quality (TCEQ) has required The City of Daingerfield water system ID #1720001 to notify all customers to boil their water prior to consumption (e.g., washing hands/face, brushing teeth, drinking, etc). Children, seniors, and persons with weakened immune systems are particularly vulnerable to harmful bacteria, and all customers should follow these directions).

To ensure destruction of all harmful bacteria and other microbes, water for drinking, cooking, and making ice should be boiled and cooled prior to use. The water should be brought to a vigorous, rolling boil and then boiled for two minutes. In lieu of boiling, you may purchase bottled water or obtain water from some other suitable source.

When it is no longer necessary to boil the water, the water system officials will notify you that the water is safe for consumption. Instructions to discontinue boiling will be issued in the same manner as this notice.

If you have questions concerning this matter, you may contact the City of Daingerfield at 903-645-3906.

**Public Notice para Aviso de Hervir Agua para**  
**City of Daingerfield**

Debido a las condiciones que se han producido recientemente en el sistema de agua, la Comision de Calidad Ambiental de Texas (TCEQ por sus siglas en Ingles) ha pedido a su sistema ID #1720001 de aguas que avise a todos sus usuarios que hiervan el agua antes de que sea ingerida.

Con el proposito de eliminar toda bacteria y otros microbios perjudiciales a la salud, se les pide a los usuarios que hiervan el agua que se va a usar para tomar, cocinar y hacer hielo.

El aqua debe hervirse a temperatura alta hasta que haga burbujas y luego continuar hirviendola por dos minutos. En lugar de agua hervida, puede comprarse agua embotellada, o puede obtenerla de otra fuente.

Las autoridades de su sistema de aguas le avisaran cuando ya no sea necesario hervir el agua.
